

Addition War

This is a game for 2 players.

Deal out all of the cards face down in two piles. Each player gets a stack of cards. Do not look at the numbers on the cards.

At the same time, each player turns over two of his/her cards and finds the sum.

The player with the higher sum wins all four cards and places them on the bottom of his/her stack of cards.

Play continues until time is called.

The winner is the player with the most cards.
